

Back Pain Relief Spa

HTE Americas

A woman with long dark hair is sitting on a bed, leaning back against a white lumbar cushion. She is wearing a white short-sleeved top with a purple floral pattern and white shorts. Her right hand is resting on her head, and her left hand is resting on her knee. The background shows a bright room with a white bookshelf and a red armchair.

What is Back Pain?

Back pain can range from a dull, constant ache to a sudden, sharp pain that makes it hard to move. It can start quickly if you fall or lift something too heavy, or it can worsen slowly.

SPINE CONDITIONS

Spinal Conditions that Cause Neck and Back Pain

- 1) *Arthritis of the Spine*
- 2) *Bone Spurs*
- 3) *Bulging Disc*
- 4) *Degenerative Disc Disease*
- 5) *Facet Disease*
- 6) *Stenosis*
- 7) *Herniated Disc*
- 8) *Pinched Nerve*
- 9) *Sciatica*
- 10) *Spinal Stenosis*

Who Gets Back Pain?

Anyone can have back pain, but some things that increase your risk are...

- AGE
- POOR PHYSICAL FITNESS
- OBESITY
- HEREDITY
- DISEASES
- YOUR JOB
- SMOKING
- RACE

Luckily SOQI has yet again launched a new product that will help prevent and improve spinal conditions in men and women.

Introducing the FIR Lumbar Cushion!

The FIR Lumbar Cushion is an ergonomically designed lumbar support pillow made with high resilient polyurethane material and provides far infrared technology, vibrating massage and penetrating heat. The pillow conforms to the lower back to align posture, help prevent and relieve back pain and repair kidney function.

This unique FIR Lumbar Support Cushion is like no other on the market!

Features...

Far Infrared Rays (FIR)

The FIR Lumbar Cushion utilizes far infrared technology to expand capillaries which assist in increased blood flow and circulation.

Features...

Heating Conductor

The FIR Lumbar Cushion features a heating conductor that offers soothing relief to sore muscles and joints and can reach a temperature of up to 113°F.

More Features...

Vibrating Massage

The FIR Lumbar Cushion consists of two individual motors to help relieve lower back pain, improve circulation and proper function to the kidneys.

More Features...

Ergonomic Design

The FIR Lumbar Cushion was specifically engineered to adequately support the muscles and skeletal structure of the lower back and supports good posture in individuals.

A Combination of Excellence.

The FIR Lumbar Cushion is equipped with Far Infrared strips on each side of the pillow.

Lumbar support with heated massage and far infrared work together to provide pain relief, correct posture and optimize kidney functioning.
