### **Stress, Pain, Tension, Migraine:**

"I tried the E-Power for myself at head office in Los Angeles, and my body was vibrating for one hour afterwards. Stress, pain and tension in my head, neck and shoulders completely disappeared. Whilst i sat for 30 mins with the E-power belt around my waist, i felt nothing other than a tingling in my fingertips. To prove something was happening, i was given a fluorescent light strip to hold, and it lit up! This is a very interesting machine and i am very excited about the possibilities and must note that i went into this a huge skeptic. Not anymore - this is the only method i have found that takes away my migraines - awesome!". - Sydney, CA, Jan 2008.

### **Constipation:**

I've had a constipation problem since I was a young girl. We got the E-Power January 2nd. I've used it for an hour every day. Now, I had taken Metamucil for the last 32 years, but I no longer have to use it. I don't use stool softeners and I am going regularly every day. I also have a friend in Arizona that I am letting use the E-Power and she uses it for 30 minutes per day. She, too, had a constipation problem, going once every 3 days. But now she goes regularly every day. My husband, Denis, uses it and he goes regularly every day. So it is the most wonderful piece of equipment that we've ever had. - Martha, HTE conference call.

### **Mental Focus, Energy:**

On November 6th I started a new job and started using the E-Power machine on a daily basis. One of the things that amazed me was finding myself in the office at 9, 10, 11 p.m., sometimes through 1 or 2 in the morning, and still be able to concentrate and focus. In addition, I had a problem with becoming drowsy on the long freeway drives home - especially after working so late. This new job I started was a 100 mile round trip 50 miles each way! On these long drives, my vision would become blurry and I was in danger of falling asleep at the wheel!

One night, I found myself behind the wheel of my car and felt like I was looking at a 68 inch plasma TV! I realized that my vision and the way I saw the road that night was something I had never experienced before. A couple of times I thought, "This is sort of strange." So, I quit using the E-Power for a couple of days. I was barely awake late at night. I started to use the E-Power again and feel a mental clarity that was just really fantastic. I'm 56 and I'm trying to compete with younger people. I'm able to get a lot accomplished on the job and I think E-power has terrific benefits for me! - Alan Simmons, HTE conference call.

### **Mobility, Pain, Depression:**

I've had several accidents and two back surgeries that left me with pinched nerves in my lower back. This has been going on for the last 10 years. Sitting really aggravated the nerves, so I couldn't sit for any length of time. I simply wasn't able to walk, sit, or stand much at any one time. In the last year I've been doing some therapy (and it helped somewhat) but I still couldn't sit without pain. In addition, I suffered from bipolar depressive mood swings and most of the time I was polarized in depression.

I took the risk and got hooked up to E-Power. As soon as I sat down, I could feel the electric stimulus going all over my body, and tingling in my head. I felt like all of my pathways were being cleared - instantly balanced and with a clear mind. And, the pain was gone! I was able to sit! You're supposed to start slowly on the E-Power, but I wanted see what it could do. I put it on full power and was able to sit for 90 minutes straight! I acquired more energy sitting and being on the E-power than I ever had. For me it's like you take your cell phone and plug it in, and well now, you plug your body in and it re-energizes with the E-Power.

Marilyn has since given up her crutches and scooter. She can now walk and sit in a chair. Her face is brighter, she is more alert, and her depression has lifted! - Marilyn Smith, HTE conference call. and Deanna Sudweeks, HTE distributor USA and Canada.

### **Beauty, Weight Loss, Hot Flushes and Sleep:**

The E-power arrived on September 17th, 2007 and i started to use it as quickly as i got it out of the box. I had two insurance appointments that evening so i used it for two hours before i went. My first client said to me "What have you done, you are very beautiful tonight." Since it was a woman she was not trying to flatter me. My next client said "Joni you are very beautiful tonight." I thought the E-power must have done something but i could not see anything in the mirror that night for myself.

I used the E-power 90 minutes twice daily and soon it became more apparent to myself that this machine was doing things for me that i had not been able to do by dieting. I had measured myself before i started, since i wanted to have an idea if anything happened in the weight loss department. In the first week i lost 2 inches in my hips and 2 inches in my bust. I got on the scale and it told me i had lost 8 pounds. I was very happy with that since it had been a long time since i had a change in the scale decreasing. I continued using the machine every day for 90 minutes, twice daily and within 2 weeks i had lost another inch. By the end of the month i had lost 5 inches in my hips and 4 in my bust., At the time even though i was still using the E-power for the same amount of time, i was not losing on my body but i was seeing changes in my face and neck area. My extra chin that i had acquired was disappearing and the face that i had when a youth was returning.

I am still using the E-power but i am using it for 30 minutes twice a day, it has been 6 months now, and i am seeing more subtle changes. My skin all over my body is very smooth and the skin on my face has gotten very young and vital looking. A friend who had not seen me for about 6 months said to me "What are you doing, your skin is beautiful." I am so amazed at the results the E-Power is giving me that it is one machine that i will let someone try in my home but it will never be far away from me and i am certain that it has also benefited the inside of my body as well.

Another benefit that i have from using the E-Power is that i am not as frequently having the hot flushes that i have experienced since i was about 40 yrs old. I would awaken in the night very often and not be able to go back to sleep as my body had become intensely hot. Since using the E-Power i am able to sleep for longer periods of time because i do not have the hot flushes that wake me. I also have less hot flushes during the day. - Joni Bradley, Calgary, Alberta, Canada.

### **Lymphoma:**

Gene had lymphoma (cancer) in the subcutaneous T-cells on his arm and after using the [Chi Machine](#), [FIR Hothouse](#), [ERE](#) and E-Power daily, plus a good diet, was cancer free in 2 weeks. - Gene, HTE conference call testimonial.

### **Flu, Throat Infection:**

At the beginning of this year, i got sick with the flu and a throat infection. I used the E-Power for one hour in the low mode and 4 hours at medium intensity. By the time i woke up my symptoms had disappeared.

I used the same treatment with my son since he was having the same discomfort i had, and he obtained the same results. The E-Power eliminated the symptoms of the flu and throat infection in a very short time for both of us. - Oscar Ortiz, Monterey, Mexico.

### **Diabetes, Hair:**

I am diabetic and my blood sugar levels dropped without the use of drugs! I use the e-Power for 30 minutes every day and continue to see my health improve, along with a head of healthy hair. - Jose Luiz Cortez, Saltillo, Coah, Mexico.

### **Abdominal Pain, Constipation and Gas caused by Tapeworm:**

I am 40 years old. My doctor recently gave me an exam and detected severe digestive problems including chronic constipation and gas. My abdomen looked big and my breathing was difficult. I also had pain in my stomach about an hour after eating. I have had this problem for nearly two years.

I began to use the e-Power for about 30 minutes every day. On the fourth day i expelled a part of a parasite (tapeworm). The expelled part of this parasite was almost 90cm long!

My mood began to change and i started to feel better. The next day, after treatment with the E-Power machine, i didn't feel any abdominal pain. Since beginning e-Power sessions, not only have i expelled the parasite, but my overall health has improved dramatically. - Silvia Vidal Morales, Monterrey, Mexico.

### **Hypoglycemia:**

I am 75 years old with no family background related to my current condition. About 6 months ago, I started to feel very tired. The color of my skin turned light yellow, and problems such as bad breath, insomnia, nightmares, and aggressiveness were increasing every day. I went in for a check-up. The doctors examined me, running numerous tests. One possibility they told me about was cancer of the liver. After all the tests were in, they concluded that I had a "Crisis of Hypoglycemia" (low blood sugar).

I started using E-Power one hour per day, along with the complementary treatment. After using the machine, I started to notice an increase in energy, and the symptoms of hypoglycemia that used to haunt me daily started to diminish. After a month of E-Power sessions, I went back to my doctor. I did not show any signs of hypoglycemia and the test results came back in the normal range. I'm currently on the same program and monitoring my health closely. At this time my hypo-glycemia has disappeared and my overall health is stable. - Oscar España Fuentes, Monterrey, Mexico.

### **Eyesight:**

During the last 3 years I suffered with astigmatism, preventing me from reading up close. I only saw specks. Approximately 3 months ago somebody recommended HTE products. I started to use the E-Power for 30 minutes every day, and it helped me a lot. I can now distinguish letters. I'm tremendously satisfied with what this machine has done for my health. I'm also very happy because for years I tried other alternatives and I was resigned to use glasses my whole life; but now, with the continuous use of this equipment, I stopped wearing glasses. - Fernando Estrada, Monterrey, Mexico.

### **Kidneys, Digestion, Bowel Movements, Sleep, Mental Focus, Insulin, Swollen Knee:**

I'm diabetic. My kidneys need the jump-start that E-Power can provide. Everyone that I talk to, once they get on E-Power, even if it is just 15 minutes, notice that their kidneys start working and moving. You'll notice the strong smell of your urine at first. E-Power begins a cleansing process. After a while, you'll notice that your urine doesn't smell and it's gone clear instead of cloudy. My father and myself both cleared up our digestion problems. The bowel began regulating itself. You might not say you could clock on it, but you'll know that you can plan on it at least once or more per day.

And sleep feels so refreshing! I put E-Power on and I sleep with it anywhere from 3-6 hours every night. If you get to bed late, like 3 or 4 in the morning, you wake up and you go "Gosh I feel refreshed." ...if you have a deadline that you have to meet and need to stay awake to get it done, go on the E-Power. It is unbelievable how clear your mind feels.

I had wanted to write a Christmas letter and was having trouble, being able to write only a few notes....I used the E-Power and the following day I wrote...I had the ability to explain things, making the letter clear. My personality flowed out and I felt like I had a whole year in review that I could share with others. I could not have done that without the E-Power. That was just the greatest blessing I had.

The other thing I know is, if I get on the Chi Machine and the HotHouse and then get on the E-Power before I go to bed, E-Power helps to pick up my blood sugar. I believe that for insulin resistant type 2 people E-Power can help decrease the amount of insulin they need. It picks up and uses the insulin they way your body is supposed to handle it. I can't say how much of a difference it will make but, I think it will make about a 10-15% difference in most people. It may not do it all at once, but I know that I decrease my insulin when I use E-Power at night because it does pick up insulin that's in my tissues. Also, I had quite a problem with swelling on my knee. E-Power really decreased the swelling. - Deanna Sudweeks, HTE USA.

### **Pain, Water Retention, Weight:**

I am 68 years old and for a long time I suffered from pains in my whole body: arms, waist, neck, legs, and (especially) my right knee, which was very swollen and red. I also had numbness in the plant of my foot. I took a lot of pills for the pain, and I didn't want to keep taking them. I noticed that I was retaining fluids and it appeared that I had gained weight as well. I began to check out alternatives with faith in finding relief. And, soon after being introduced to and trying HTE's amazing equipment, my life changed! Since October 15, 2007 I've used their equipment every day - the ERE for 15 minutes, the Chi Machine for 5 minutes, the E-Power for 15 minutes and the HotHouse for 30 minutes. After the third session, I started to urinate more. I calculated that for the fourth session I urinated an average of 15 liters! My water retention and my bulging stomach have been greatly reduced thanks to HTE's life changing equipment! - Francisco Benavides Garza, Monterrey, Mexico.

### **Skin, Heart Palpitations, General Health:**

I've been using the E-Power for 2 weeks now and just 30 to 60 minutes a day and for the very first day I found that it clears up the skin and it normalizes heart palpitations. I've been having problems with that and both my husband and I noticed that our health has improved. - Barbara, HTE conference call testimonial.

### **Diabetes, Headaches, Tiredness, Pain:**

I am 60 years old. Twelve years ago I started to have headaches, tiredness, drowsiness, and shakes. For that reason it was necessary to see my doctor, and I was diagnosed with diabetes. This was a big shock because diabetes is one of those diseases that if you don't take good care of yourself, it can provoke death. I started taking medication and stayed on it for 3 years but my blood sugar leveled out at 280. I visited other doctors, but it was always the same. It didn't matter what diet I was on, my blood sugar remained too high. Other doctors prescribed Insulin. I was treated with the Insulin plus another medication, and was able to achieve a blood sugar level of 140.

Headaches were part of my daily life, and besides that, I started to have pain in my neck. My doctors said it might be a wearing of the bones and they recommended exercise. So, I went to a massage therapist and started to exercise. My headaches started to diminish for about half a year.

One day my doctors recommended that I visit a Sports Clinic with specialized personnel. Dr. Pablo Betancourt, Director of the Cell Rehabilitation Department in Angeles del Carmen Hospital in Guadalajara was the one who recommended the E-Power machine. He put me on the machine for 30 minutes per day Monday through Friday.

After a week of sessions, I started to feel bad, developed a terrible headache, and drowsiness. After testing my blood sugar, I was amazed how much it dropped - only 78! This situation never happened to me in the 12 years I had been suffering with this disease. I called Dr. Betancourt and he told me that the discomfort I had that day was due to the

detoxification of my body. He asked me to stop taking insulin and only take the other medication, and to keep monitoring my blood sugar levels everyday.

Truly, E-Power is marvelous! Since that day my blood sugar levels have been between 110 and 120. I now have more energy, which makes my daily labors easy, I have a better quality of life, and most importantly, more will to live!

For this reason, I address my testimonial to those people in the same condition as I was in. I suffered many long years with this terrible disease. I'm currently taking medication, but Dr. Betancourt encourages me to use the E-Power everyday. Therefore, if God wants, in a little time, I could stop taking the medication. I thank God for leading me to E-Power which in a very short time lowered my blood sugar, eliminating the discomforts and headaches. - Susana Garcia Rojas. Guadalajara, Jal. Mexico.

## **Rotator Cuff Injury, pH Balance, Cells, Blood and Toxins:**

My husband is a Chiropractor and I'm a Therapist. My husband was about 50 yrs old when he hurt his arm with a weed eater. He was scheduled to have an operation on his torn rotator cuff. Well, 1) He didn't want to have an operation, and 2) it doesn't always work when you get the rotator cuff repaired. He never had the operation, and he is 72 years old now.

We borrowed the E-Power from a friend and left it on for half hour. When you first get started, you don't leave it on a long time. After 4 days we called Deanna (our friend) and said, "We can't believe this!" You know, Ted's shoulder was so bad that he had great difficulty pulling up his pants. He couldn't even put his belt in his pants, so I had to help him with it. To make a long story short; Ted didn't get his arm operated on, and now he can pull up his pants on his own! Ted wasn't able to use his arms, he wasn't even able to massage until after using the E-Power machine - but he can massage again now!

And, it turns out that the E-Power helped in other ways including "cleaning" cells and blood. We tested the pH of our urine and the pH improved within a week! E-Power gets rid of all the toxins. We are excited about what E-Power has done for Ted. I hardly ever get the chance to use it because Ted is sleeping with it every night! - Novak, HTE conference call testimonial.

## **ATP (anti-aging and energy enzyme), Inflammation, Mucous, Toxicity, pH, Sleep, Stress:**

It is critical for people to understand that ATP gives your cells energy. The EPower is making the cells more permeable. It's activating the ATP to clean up the cells and reduce inflammation.

Stress and toxic relations, toxic emotions and food, can all affect our pH. If you don't have a good alkaline balance in your body, mucus and high acids create inflammation that causes disease. The sodium potassium ratio is very important for you to know because if you have a poor sodium potassium ratio then basically your cell membrane becomes stiff. It's inflexible, toxic. Think of it as "terrorism at the cellular level" so to speak. We've got cells that are not functioning and diet can create this insulin resistance. Diabetic habits are a real challenge for the cells that aren't responding to the insulin. Then, the pancreas makes more insulin and causes inflammation of the cell membrane. The E-Power makes our cells more permeable, where toxins can get out, nutrition can get in, so we can start to assimilate our nutrients better and it helps our cells to communicate. Instead of being inflexible and stiff, the E-Power helps the mitochondria cells and boosts the electrical energy that we so need.

That's why so many people are having such good results. Everybody can use more energy, have cleaner cells, and expel the inflammation and the mucus, and thereby reduce the chances of contracting numerous diseases. Many people have read or heard of the book "The Body Electric." Without the currents inside our bodies, we would die. It's very exciting to know that we can put on the E-Power belt and charge up our bodies battery pack getting a lot of electrical abnormalities to come into balance.

I think the biggest thing for me personally is that I love to study ... and I can now retain what I'm studying and I can study for long, long periods of time. I also benefit from better circulation and more energy! I sleep sounder ... it seems like I just have a sense of less stress and I don't seem to run on so much adrenaline. Maybe the E-Power is balancing out my adrenals as well as my hormones! I feel such a solid energy that I can stay up late and I can get up early and I know I still need sleep but I really can do really well even when I'm not getting adequate amounts of sleep. I can just 'juice up' and keep going - this really is a blessing. - Julie, HTE conference call.

Dan is 45 years old, has 3rd degree bed sores, spends a lot of time in the bathtub where it is most comfortable for his body, takes numerous toxic prescribed medications, sleeps badly and has no energy. He used the E-Power once for 30 mins in February. The following day he was walking around, energized and without pain. - CM4U, Los Angeles, CA

She reported in a newsletter dated January 2009" I was amazed with the results especially my jawline where i have jowls. The combination of the mask and E-Power gave my face a smooth and silk feeling and a noticeable improvement in the depth of my wrinkles and tightness around the jaw line."

**Here is another testimonial for skin beauty, stretch marks and also depression, from Thunder Bay, ON, Canada - Joan & Larry Beckingham:**

My husband and i have been using the E-Power for almost a month and we want to share how excited we are about this product. I have been on anti-depressants for 9 years and was placed on long term disability as it was so severe. After many attempts rto get off them, i have finally succeeded with the help of the E-Power. I am now down to less than half a dose and cotinue to cut down slowly. I believe the chemical dependency was stored at a cellular level and was finally released through the work of the E-Power.

The cool thing is that my whole attitude has improved and i find joy all around me. And as a bonus - my skin improved dramatically. I had a terrible "chicken neck" - the kind that comes with aging - and lines around my mouth from previous years of being a smoker. My friends are asking me what i am doing to look so great and my husband and i both notice a great improvement in our skin. Our daughter uses her E-Power as well and she is rotally hooked on how much better she sleeps and feels. Her stretch marks have almost disappeared and she finds that she simply copes better and feels happier.
